My Journey From Bud to Boss

A companion volume to the From Bud to Boss book, the Journey is a workbook designed to help you apply the knowledge gained to actual work experiences. It includes activities, questions, and exercises designed to take you beyond the concepts introduced to you during the Workshop or the book. And while this book is completely designed to be written in, all of the templates and tools are available in both PDF and Word document form so that you can use them over and over.

Remarkable Leadership

is a practical handbook written for anyone who wants to hone the skills needed to become a remarkable leader. This book outlines a framework and a mechanism for both learning new things and applying current knowledge in a thoughtful and practical way. It explores real-world concerns such as focus, limited time, incremental improvement, and how we learn.

The Long-Distance Leader

is a practical, candid look at what it takes to lead people, projects and teams in today's dispersed workplace. The book showcases 19 rules for being a remarkable remote leader, and offers practical models, tools, and best practices to tackle the real-world challenges from how we work and communicate virtually.

The Long-Distance Teammate

Written by the founders of the Remote Leadership Institute, this book is the most authoritative single resource for helping remote workers get work done effectively, build relationships that are both productive and satisfying, and maintain a career trajectory when they are not in constant close contact with their leader, coworkers, or the organization in general.
